Xpress online training

Essential knowledge for electoral staff with flexible interactive online training

Xpress online training equips your electoral teams with everything they need to know to run safe, effective Polling Stations. Comprehensive, engaging content ensures the key information is easily absorbed.
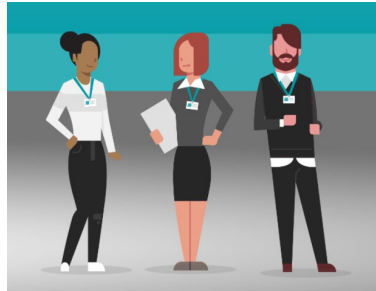

Courses are legislatively compliant with Elections Act changes relating to Voter ID and Accessibility. With our interactive online training platform, you can ensure your POs, PCs and PSIs are fully prepared for polling day.

A flexible, accessible learning experience

Accessible 24hours, 7 days a week. Learners have the option to complete courses in one or multiple sittings. Includes all relevant content to help polling station staff feel confident to carry out their duties.

Increased engagement

Keep users engaged with different methods of learning - videos, interactive text, questionnaires, and activities. Enhance user experience as learners progress through stages.

Easy reporting

Track participation with easy report management to see who has completed the course and test, ensuring you are also fully auditable.

Customisable

Personalise modules with Local Authority branding and add additional information specific to your election day processes at no additional cost.

Reduced training costs

There's no set-up fee and you only pay for licenses that are used, so you can keep costs to a minimum.

1 | A flexible, accessible learning experience

2 | Increase learner engagement

3 | Reduce training costs
